The main objectives of the Board are to serve the educational Institutions effectively and to be responsive to the educational needs of the students.

1.2 DETAILS OF NUMBER OF CBSE REGIONS AND AFFILIATED SCHOOLS

The Board has approx. 15,000 schools affiliated with it including 150 schools in twenty one countries. The prime focus of the Board is on (a) prescription of suitable curriculum for its various schemes of examination in both academic and vocational streams (b) regularly updating the pedagogical skills of the teachers and administrators by conducting in-service training programme and workshops, c) setting norms for affiliation of institutions for the purpose of public examination and; d) prescribing as well as updating the course of instructions to raise the academic standards in the country.

1.3 School Quality Assessment and Accreditation (SQAA)

The Central Board of Secondary Education (CBSE) has decided to assess schools through standardized instruments and process of internal (self evaluation) and external assessment (peer review), which will encourage sustained qualitative enhancement. This assessment will be used to accredit schools to provide quality benchmarks in the concept, establishment and running of effective systems within an institution in accordance with changing socio-economic and cultural contexts, including new research. It has also been made mandatory that the schools get accredited once in every five years.

With the above objective in mind, CBSE has initiated accreditation in all its affiliated schools on a nationwide basis; based on their assessment in the areas of Scholastic Processes and Outcomes, Co-Scholastic Processes, Infrastructure (Adequacy, Functionality and Aesthetics), Human Resources, Management and Administration, Leadership and Beneficiary Satisfaction.

CBSE considers Accreditation as a means of demonstrating confidence in the school’s purpose, performance, human and financial resources. The goals are effectiveness, improvement and public assurance. The following figure depicts the overall SQAA process:
Appointment of Agencies
CBSE employs transparent selection procedure to empanel Accreditation agencies.

CBSE carries out the Pre Accreditation Orientation of the schools and their staff.

CBSE orients PAT periodically and each member of PAT needs to be certified by CBSE.

Filling and submission of the Form of Intent online by the schools along with the fee of Rs.5,000/- (Rs.5,000/- as Processing Fee and Rs. 50,000/- as Registration Fee) by

Planning Stage
On receiving the Form of Intent from a prospective school, CBSE sends an e-mail to the Accreditation Agency and the school.

An agency will be allocated to the school and an observer to be deputed by the CBSE will be appointed.

Intimation to the agency regarding the allocation of the school.

Introductory mail to the school by the agency.

Submission of SQAAF by the Schools to Agency
Assessee School fills up and submits the SQAAF Form online on the website of the allocated agency / by post to the allocated agency along with related evidence to support the data.

Pre-visit Analysis Stage
Peer Assessor Team (PAT) collates and analyses data (available with CBSE authorized agency) gathered from SQAAF along with evidences and documents submitted by applicant school. Only if the school scores 50% on initial score (overall), PAT plans a visit to school.

The school scores 50% or more on the initial score in the Pre-visit Analysis

No

The Agency will prepare the school for accreditation within a period of 3-6 months.

Yes
Accreditation requires a strong management commitment and a demonstrated compliance to the pre-defined processes and standards as desired by the board. Ultimately, the success of Accreditation scheme and consequently the quality of schools will be driven, in equal measure, by the following factors:

- School’s efforts to maintain the highest standards at all times across the seven areas covered under SQAA
- Regular self assessment by the schools and continuous self improvement
- Standardized methodology, tools and techniques used by all empanelled Accreditation Agencies to ensure uniformity of assessment across all schools irrespective of the empanelment agency and school combination

The Bidders FS is normalized as follows:

\[ F_{n} = \frac{F_{min}}{F_{b}} \times 100\% \] (rounded to 2 decimal places) where

- \( F_{n} \) is the normalized FS for the bidder under consideration; 
- \( F_{b} \) is the absolute financial quote (Total Cost of Ownership as indicated in the Financial Bid Format) for the bidder under consideration; and,
